

## **REMARKS**

The undersigned thanks Examiner Priddy for his review of this application and respectfully requests the Examiner to consider the following remarks and to allow all pending claims to proceed to issuance. The February 6, 2004 Office action allowed claims 1 – 20, rejected claims 21 – 29, objected to the specification and objected to the drawings. Upon entry of this Amendment and Response, claims 1 – 20 are pending in this application, claims 21 – 29 have been cancelled without prejudice, and the specification has been amended. As such, the undersigned is of the opinion that the application is in a condition for allowance and respectfully requests the same.

### **Objections to the Drawings**

On page 2 of the Office action, the Examiner objected to the drawings under 37 C.F.R. §1.84(p)(4) because reference character “24” has been used to designate both a monitor and an item. As discussed in a May 19, 2004 telephone conference with the Examiner, the undersigned respectfully submits that he has reviewed the drawings and submits that the reference character 24 was not used in any of the figures to designate an item. The undersigned respectfully requests the withdrawal of the objection.

### **Objections to the Specification**

On page 2 of the of the Office action, the Examiner objected to the specification because of various informalities. The undersigned has amended

the specification as the Examiner suggested and respectfully requests the withdrawal of the objection.

### **Rejections of the Claims**

On pages 2 – 7 of the Office Action the Examiner rejected claims 21 – 29 under 35 U.S.C. §§ 102 and 103. Upon entry of the present Amendment and Response, claims 21 – 29 have been cancelled without prejudice.
